(on Mentoring/Leadership)

Archbishop Bolden has served in Ministry over 40 years empowering and enriching thousands of lives around the world through teaching, mentoring, preaching and many miraculous healings by the grace of almighty God. In 1976, he founded Calvary Chapel Church Inc. of Fort Wayne Indiana, with eight people. He built a twenty thousand square foot building, and the ministry grew to over two thousand in attendance. After the completion of the building in 1989, Archbishop Bolden placed a pastor, Bishop Melvin Bolden, there to oversee the ministry and moved to Tampa Florida to start another work. Because of the death of his brother, he and his wife Pastor Rhonda have returned to lead the Fort Wayne church again now called The Well of Fort Wayne.

He started Lighthouse Christian Fellowship, now called Rehoboth The Well of Tampa Florida. This ministry grew to over one thousand. In 2004, they purchased a fifty thousand square foot building for the worshipers. God began tugging on his heart about a new assignment and moved to Los Angeles CA, where he built Rehoboth Faith Cathedral.

In 2014, his former wife of 39 years the late Glenda Bolden who helped him build the ministries, went home to be with the Lord.

Archbishop Bolden has truly been blessed by God to divinely connect with his present wife, Pastor Rhonda A. Bolden, who has already been a tremendous help in the work of the Kingdom of God. Bishop Bolden and his wife Pastor Rhonda, along with many Bishops, Pastors and Ministers launched a New Fellowship called Kingdom Alliance Ministry Fellowship International (KAM) September 2015!

Together they will help to bring the Church Back to the Basics, while Expecting the Supernatural.
